

## Assignment Seven: Using MAP Tag

Due: 8:25am Thursday, November 10, 2016

50 points

Use a portrait picture of yourself and write a HTML document that uses that picture and map your eyes, your nose and your lips to different Web sites. Use the circles, rectangle and triangle similar to the image below.

Submit the work including the report with full explanation before Thursday November 10 class. Place ONLY the image and the HTML document into a folder and zip the folder. Email the zipped folder before class time on Thursday November 10.
